

End of Support for GV-iView and GV-AView

Article ID: GV2-15-12-08-I

Release Date: 12/08/2015

Applied to

- GV-iView
- GV-iView HD
- GV-AView

Notice

GeoVision will no longer maintain the latest version of the following GV mobile applications for their usage: GV-iView, GV-iViewHD and GV-AView. If you use GV-DVR/NVR version earlier than V8.6, it is highly recommended to upgrade your GV-DVR/NVR software to V8.6 (or later) to experience the new mobile app GV-Eye.

GV-Eye provides the end users with enhanced visual user interfaces and superior video quality. For details on GV-Eye, please visit our website:

http://www.geovision.com.tw/english/5_4.asp

Note: GV-Eye only supports GV-DVR/NVR version 8.6 or later
